

BorrowNet

Smart Campus Resource Sharing Network

A Smart Backend-Driven
Peer-to-Peer Resource Sharing Network

TEAM

Y. Mohana Priya – 2520090176

V. Vishnavi – 2520090117

COURSE

B.Tech – Computer Science &
Information Technology

ABSTRACT

BorrowNet connects students to share the resources they need, when they need them.

01

Affordable Resource Sharing

Access what you need
without the cost of buying.

02

Secure & Transparent Borrowing

Verified community, clear
tracking, and accountability
every step of the way.

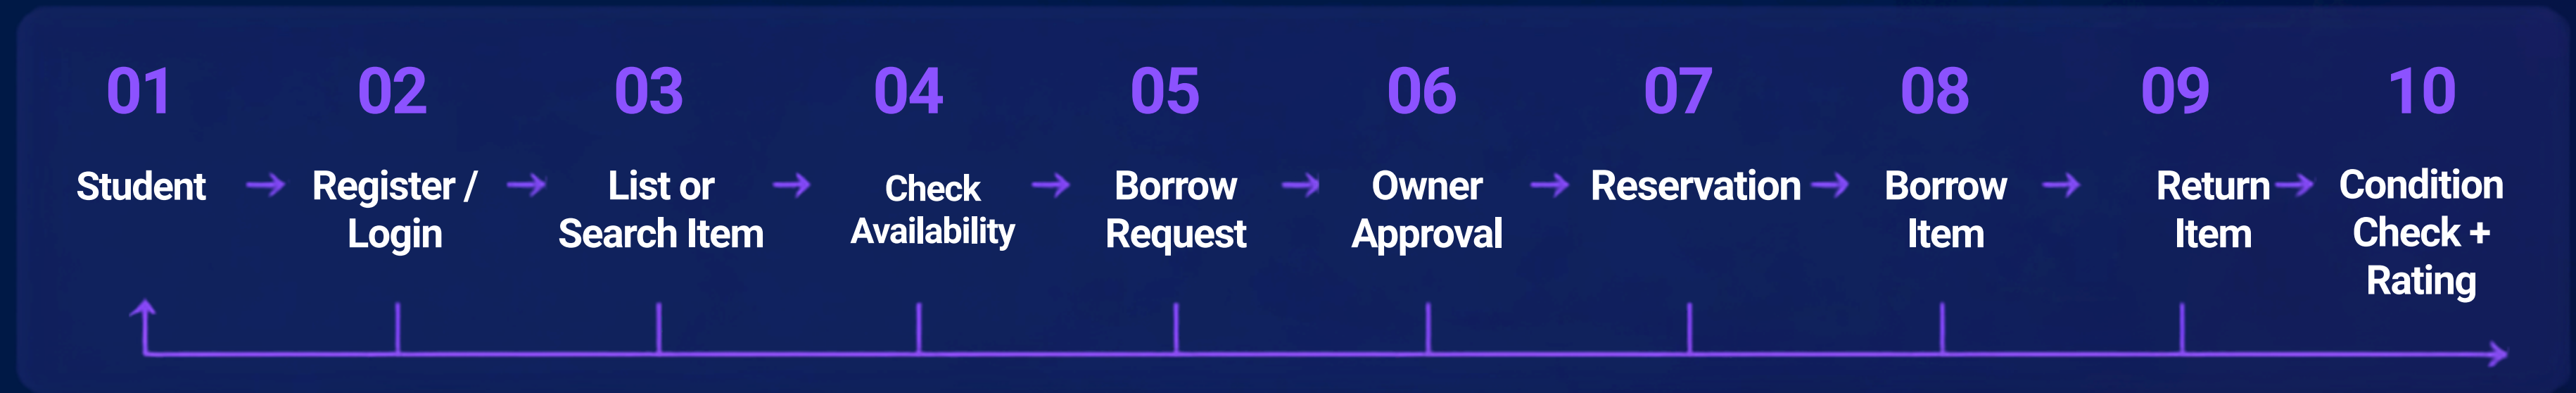

03

Smart Backend Management

Streamlined operations for
seamless lending, returns,
and trust at scale.

PROPOSED SOLUTION

A complete borrowing lifecycle powered by **intelligent backend**.

SMART BACKEND

Conflict Detection

Trust Score

Penalty Engine

Notifications

Transaction Management

KEY FEATURES

Item listing and search

Reservation management

Overlapping booking prevention

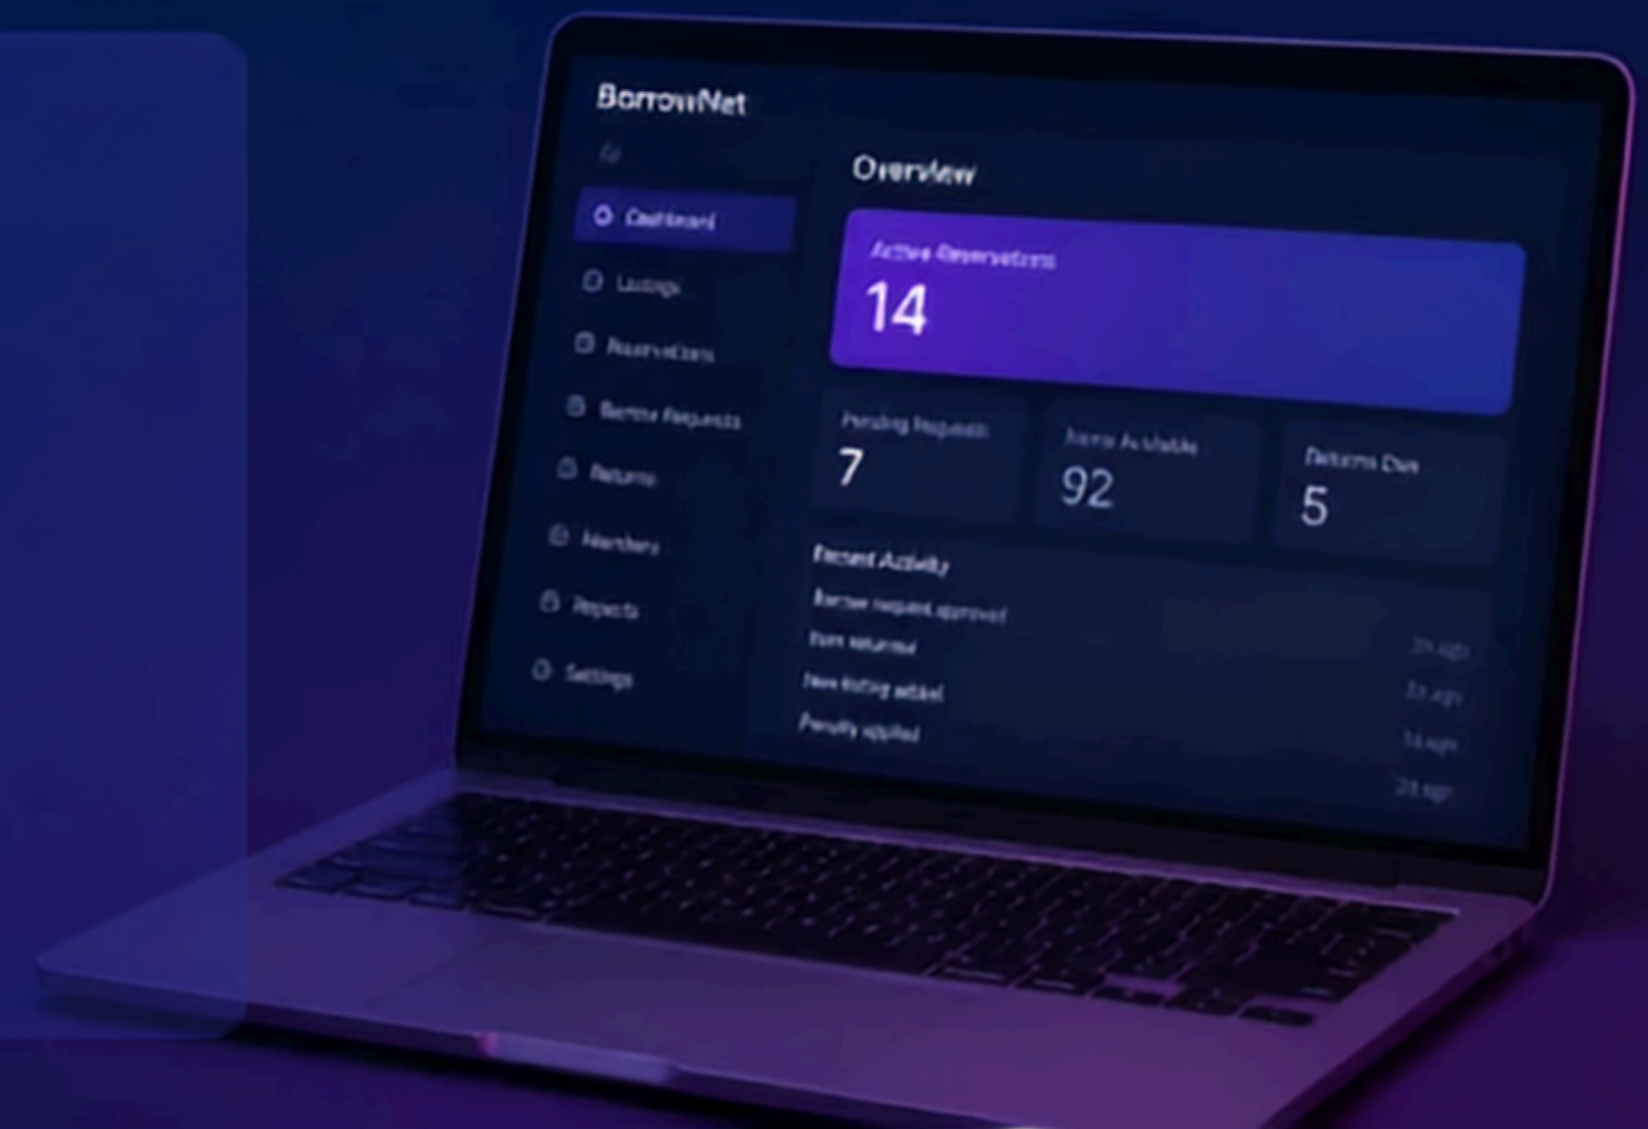

Trust and rating system

Late-return penalties

Item condition tracking

Automated notifications

Admin moderation

SOFTWARE & HARDWARE REQUIREMENTS

The core technologies and minimum environment to run **BorrowNet**.

SOFTWARE

Java
Spring Boot
React.js
MySQL
JWT Authentication
REST APIs
Maven

TOOLS

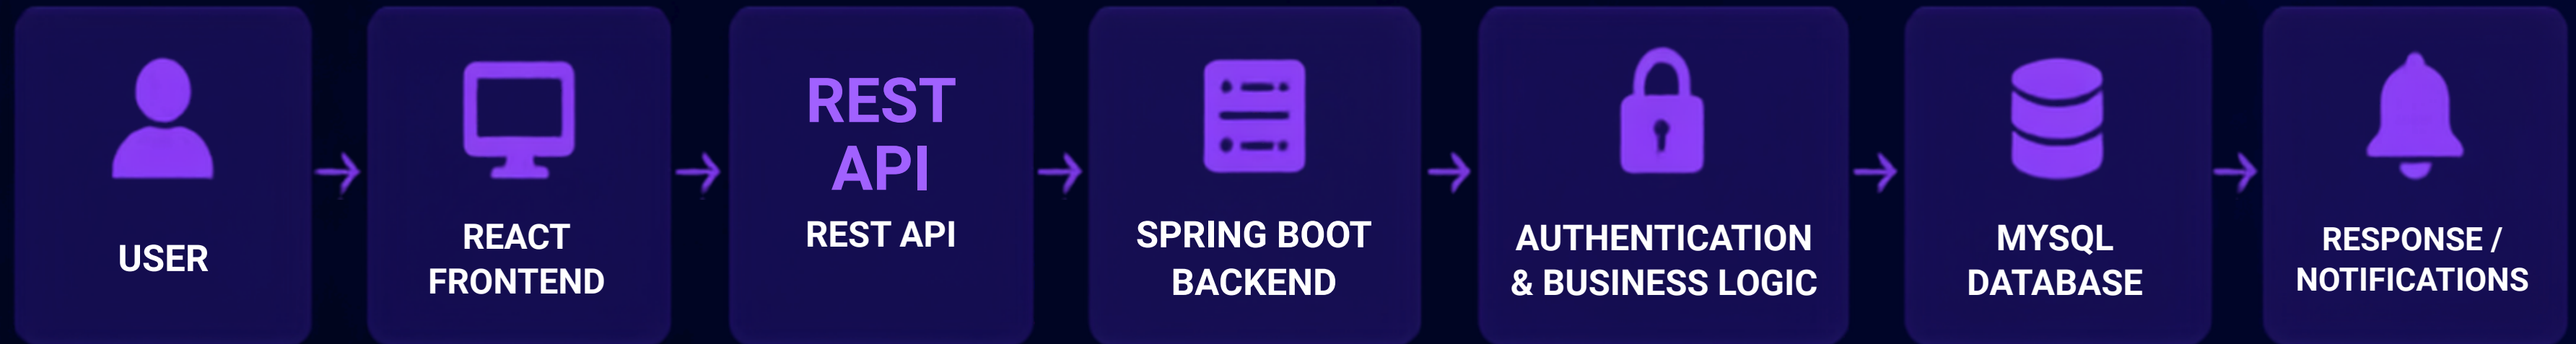

Postman
Git & GitHub
IntelliJ IDEA / VS Code
MySQL Workbench

HARDWARE

Laptop/Desktop
Minimum 8 GB RAM
Intel i5 / AMD Ryzen 5 or equivalent
256 GB SSD or higher
Stable Internet Connection

METHODOLOGY

A scalable architecture and engineering approach that powers secure, reliable, and seamless sharing.

DEVELOPMENT PROCESS

CORE ENGINEERING CONCEPTS

CONCLUSION

BorrowNet delivers reliable, affordable resource sharing powered by a strong, transparent backend.

THE IMPACT WE CREATE

Reduces unnecessary purchases

Encourages campus collaboration

Provides transparent borrowing

Demonstrates real-world backend concepts

WHAT'S NEXT

- AI-based item recommendations
- Mobile application
- QR-based pickup and return
- Smart demand prediction

BorrowNet building a smarter, more connected campus—together.

THANK YOU

BorrowNet – Smart Campus Resource Sharing Network

Share More. Spend Less. Connect Better.
